

Pretty Lady

Edwina Hayes

Pretty Lady
Don't you know how beautiful you are
Little Lady
Don't you know you're gonna be a star
Every time you turn around
They'll try to drag you to the ground
But nothings gonna keep you down for long
And I know how hard you try
But don't let them see you cry
You just got to keep on keeping on
Pretty Lady
Don't you know how beautiful you are
Little Lady, yeahh
Don't you know you're gonna be a star
Hold on, my friend
Hold on, my friend
Yeah yeah
'Cos you carry all the pain and everybodys blame
For everything that they've been doing wrong
But just keep on pushing through
'Cos i know you're gonna do
Oh sweet mama, everything you want
Pretty Lady
Don't you know how beautiful you are
Little Lady, yeahh
Don't you know you're gonna be a star, yeah
