## The Damned

Obscene  
The scene  
The dream  
ObsceneDemi-gods on golden thrones  
Spend most of their time all alone  
We're living through them  
Until a decent to hell becomes our breakfast thrillFlesh and blood to dust return  
But fantasy we learn goes on and onThe dreamShining with an inner light  
Indefinable and bright  
We begin to smell the kill  
Sharing every precarious thrillFlesh and blood may now decay  
But forever young always you will stayObscene  
Always you will stay  
The scene  
The dreamBut look coming on the scene  
But look coming on the scene  
Another cat to die for teenage dreamObscene  
The scene  
The dream  
ObsceneObscene  
The scene  
The dream
