

Light Up (feat. DC)

Fono

You light up any room,
Light up the room,
I find myself losing time,
The way you hold yourself keeps you in my sight yeah,
'Cus you can light up the room, You can light up the room,
Can't take my eyes off of you, 'Cus you light up any room,
(Light up)Tried to look away,
But all i want is youu,
All i want is youu,
(Got me thinking 'bout)
All the ways to say,
Now all i want is youu,
All i want is youu,
'Cus you light up the room,
(Ooooh, oooh, oooh, ooh, ooh, ooh, oooh)
SDo you even now you control the stage,
The way you move can stop my heart for days yeah,
You can light up the room, You can light up the room,
Can't take my eyes off of you,
'Cus you light up any room,
(Light up)Tried to look away,
But all i want is youu,
All i want is youu,
(Light up)
All the ways to say,
But all i want is youu,
All i want is youu,
'Cus you light up the room,
(Ooooh, oooh, oooh, ooh, ooh, ooh, oooh)
You can light up the rooms,
You can light up the room,
Can't take my eyes off of you,
'Cus you light up any room,
(Light up)Tried to look away,
But all i want is youu,
All i want is youu,
(Got me thinking 'bout)
All the ways to say,
But all i want is youu,

All i want is youu,
'Cus you light up the room,
(Ooooh, ooh, ooh, ooh, ooh, ooh, ooh)
(Light up)

You light up any roomEND
