

# Be My Crutch

## Hellbound Glory

I stepped down from a barstool  
And hit the ground  
It's hard to walk in this old world  
When the room is spinning 'round  
And if i fall girl and reach out my hand  
Will you be there girl to help me stand

Be my crutch should i fall  
If i cant walk from last call  
I got too drunk  
Be my crutch stand by my side  
Darling i need you tonight  
To be my crutch

I'm too far gone to walk on my own  
If you're there to lean on  
I just might make it home

If you'll be my crutch should i fall  
If i cant walk from last call  
I got too drunk  
Be my crutch stand by my side  
Darling i need you tonight  
To be my crutch

Be my crutch should i fall  
If i cant walk from last call  
Be my crutch  
Be my crutch stand by my side  
Darling i need you tonight  
Be my crutch
