

Children of the Deuce

Fire Deuce

We settled on a different plan
we lay it down where every fan of the deuce
cuz we know how they feel
all the pain that is loose in the game and theres too many rough demands
and all of the children feel the distance between us
as we scatter and hide away so whatchoo gonna change for now?
and who u gonna make the sheriff of this town
the sheriff of this town?
wasted youths
we're the fire deuce
wear your snake skin boots
while we rock for you
(and ah)
wasted youths
made us fire deuce
now we'll
sing our songs
to ya
bring it home
for ya its time to set the record straight
the children dont have time to wait on your answer
you better speed it up
you know that enough is enough
so whatchoo gonna change for now?
and who you gonna make the sheriff of this town
the sheriff of this town? wasted youths
we're the fire deuce
wear your snake skin boots
while we rock for you
(and ah)
wasted youths
made us fire deuce
now we'll
sing our songs
to ya
bring it home
for ya the children of the deuce wasted youths
(if the flame's loose)
we're the fire deuce

(I need the children of the deuce)
wear your snake skin boots
(we need the children of the deuce)
while we rock for you
(oh yeah, oh yeah)
(and ah)
wasted youths
(then if the flame's loose)
made us fire deuce
(we need the children of the deuce)
now we'll
sing our songs
(we need the children of the deuce)
till ya
bring him home
for yawasted youths
(When the fire's loose)
we're the fire deuce
(we need the children of the deuce)
wear your snake skin boots
(we need the children of the deuce)
while we rock for you
