Together (Maxx Baer Edit)

The xx

I know to be there
When and where, I'll be there
You know what's to be said
We said out loud, we never said
My á¹—remonition of the world comes to me
A sun in your eyes from the middle life
Says I'm alrightYou said you don't have to speak
I can hear you
I can't feel all the things you've ever felt before
I said it's been a long time
Since someone looked at me that way
It's like you knew me
And all the things I couldn't sayTogether, to be
Together and be
Together, to be
Together and be
Together, to be
Together and be
Together, to be
Together and beTogether, to be
Together and be
Together, to be
Together and be
Together, to be
Together and be
Together, to be
Together and be
