Some Day

Rising Gael

Some day, when I'm older and they never know my name
Somehow, if I'm honest I can never feel ashamed
Maybe I was wrong to hold you up so high
Now I know, I've lost you to the feelings I kept inside
I don't know if it felt like I wanted you here
The way that I wanted you last time
We're not on the same page, you don't even know me
'Cause you never took the time
Some day, when it's over and you never show your face
I hope you'll remember, how I tried to make you a place
And so now, I move on to keep my piece of mind
In someway, I've failed you but I just ran out of time
I don't know if it felt like I wanted you here

The way that I wanted you last time
We're not on the same page, you don't even know me
'Cause you never took the time
I'm not sure that you hear me
I'm not sure that you look at me the same
I will always be attached to you
But I'm never gonna feel the same
I don't know if it felt like I wanted you here
The way that I wanted you last time
We're not on the same page, you don't even know me
'Cause you never took the time, no, you never took the time
Some day, when I'm older
