

# It's All About You

## Dudek Finnigan Krueger Band

The story really gets to me  
It's a pretty good mystery  
It took all night to read it through  
I swear every word of it's true  
How 'bout a clue  
Why do I do the things that I do  
Somebody told me, I know

It's all about you  
It's all about you  
It's all about you  
It's all about you

Reservations I never made  
The song that made the Hit Parade  
The ringing of the telephone  
Unless it's you baby there's nobody home  
I wanna say  
That I would relive it all anyway  
Don't need to tell me, I know

(chorus section)

How 'bout a clue  
Why do I do the things that I do  
You don't need to tell me, I know

(chorus section 2x)

It's all about you
