

# I Can't Break It To My Heart

## Delta Goodrem

If it's okay I'll leave the bed light on  
And place your water glass where it belongs  
And if it's alright I'll lie awake at night  
Pretending I am curled up at your side  
See I'm circling in these patterns  
Living out of memories  
I'm still a long way from accepting it  
That there's just no you and me  
But if I still believe you love me maybe I'll survive  
So I tell myself you're coming home  
Like you've done a million times  
And if it's alright I'll still be loving you  
'Cause I can't break it to my heart  
Is it just me, did I commit a crime?  
I won't believe that loving you  
Is just a waste of time or was it in my head  
I'm reading into things you never said  
'Cause I still don't have the answers  
To why we couldn't work it out  
I wanna think it's something that I did  
So I can turn it back around  
But if I still believe you love me maybe I'll survive  
So I tell myself you're coming home  
Like you've done a million times  
And if it's alright I'll still be loving you  
'Cause I can't break it to my heart  
And nothing will come between us  
I wanna convince myself we're perfect  
In every single way as long as I can keep  
The truth away from my heart  
Oh, 'cause I can't break it to my heart, oh  
'Cause I still don't have the answers  
To why we couldn't work it out  
I wanna think it's something that I did  
So I can turn it back around  
But if I still believe you love me maybe I'll survive  
So I tell myself you're coming home  
Like you've done a million times  
And if it's alright I'll still be loving you  
But if I still believe you love me maybe I'll survive  
So I tell myself you're coming home  
Like you've done a million times  
And if it's alright I'll still be loving you  
And if it's so right I'll still be loving you  
'Cause I can't break it to my heart  
I can't break it to my heart, oh
