

The First the Last

Tremonti

Sit here and wait for
What may never come
These walls they hold me
I pay for what I've done
Long nights and dark days
I face this world alone
Shadows consume me
I walk now on my own You are the first and last
Now everything is lost
You are the air I breathe
Now all my need is gone
Alone here but can't leave
Can't tear myself away
Here's where you left me
So here I'm gonna stay You are the first and last
Now everything is wrong
You are the air I breathe
Now all my need is gone You are the heart that beats, within my dying core
You made me thirst for life, you left me wanting more 'Cause when you came
I swear I knew your name
You were the one to start
You broke my heart and then you left me And when you love
I swear it's not enough
I was the one to blame
Got carried away and then I hurt you
You are the first and last
Now everything is wrong
You are the air I breathe
Now all my need is gone You are the heart that beats, within my dying core
You made me thirst for life, you left me wanting more
