Where The Geese Go

The Verve

You get the gun
We're on the train
I feel no pain
I feel no pain
You set the sights
But I'm already there
Do you care?
Do you care?
I can't get it
Out of my head
When you said
"I want you dead"
I feel surprised
That you wanted to know
Where the geese go
When it snows?
I'm alright
I feel fine
'Cause it's inside
It's inside
And I can't get it
Out of my head
When he said
"I want him dead"
