Make It Up to You

CECILIO & Kapono

I got love, I got love for you.....And did I hear you say that you could love me to

Baby give me some of that sweet, sweet lovin

And I'll make it up to you.....yes I'll make it up to you.....you know I'd make it up to you

With my love(hold).....with my love

And I got you babe, I got music in my soul.....And it's all around us just a keepin with the flow

You need a melody and I'll keep that harmony

Cause I'll make it up to you.....yes I'll make it up to you.....you know I'd make it up to you

With my love.....with my love

oooooh woah

And I need you lovin, every night and every day, and I need my music just as much

Keep me In my stays.....So darling tell me that you love me all time

And I'll make it up to you.....yes I'll make it up to you.....you know I'd make it up to you.....will I make it up to you.....baby I'd make it up to you.....will I make it up to you.....make it up to you

With my love(hold) ahhhhh.....with my love
