

Part Deux

Fat Joe

How many emcees must get dissed?
How many motherfuckin' mics I got to rip? 'Til you
Are considerate, illegitimate, rap motherfuckers
Stop talkin' your shit, yeahFat Joe, Jealous One's Envy
Steppin' to the jam niggaz actin' all friendly
Smilin' in my face and all the whiles they wanna
Take my fuckin' place, them back-stabbers, them back-stabbersI got some shit for your whole damn crew
How the fuck you gon' face a Mac-11 with a twenty-two?
And then deliver, I'll shake your shiver
And shatter your bones, the modern day Al CaponeStep into my zone and get blown
He who claims to wear the crown'll get the throne, check it
There's many emcees in this world of rap
But not too many emcees can fuck with Joey CrackIn fact, yo, I be the realest you know
With the illest of flows, bustin' caps at po-po'sYou gotta flow Joe, all these niggaz know the time
When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
I'm representin' right now like I represented befo'You gotta flow Joe, all these niggaz know the time
When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
What you mean they don't know? What you mean they don't know?Many thought it couldn't happen, Joe was
never rappin'
He was always gettin' loot off the crack and
Fuckin' with them heavyweights, who had shit sewn in every state
The very sight'll make the average man defecateLivin' the life of stock, bonds and cars, word bond
When I be gone I'll be worshiped like Nicky Barnes
It's on, you don't want no confrontation
Killer communication, I suffer from multiple lacerationsTake a look at Joey Gambino
Spilled your chips in the casinos while feastin' on shrimp scallapino
Niggaz don't want it, word to mother
I be that catchin' body else that'll leave that ass six feet underRappers wonder, where I been since The Real
I been plannin' my strategy for the next kill
Ninety-five for the real live
Only the strong survive, that's why I pack a four-fiveWe got, all these actors playin' characters and killers
Wanna be hammer cockers, but, shit is realer than they think
Fuck around and get them clothes rentin'
Many believe Fat Joe will be the cause of ArmageddonYou gotta flow Joe, all these niggaz know the time
When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
I'm representin' right now like I represented befo'You gotta flow Joe, all these niggaz know the time

When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
What you mean they don't know? What you mean they don't know? You gotta flow Joe, all these niggaz know
the time
When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
I'm representin' right now like I represented befo' You gotta flow Joe, all these niggaz know the time
When I come through, I shine with these genuine rhymes
Let 'em know Joe, what you mean they don't know?
What you mean they don't know? What you mean they don't know? You gotta flow Joe
