

Hold Your Eyes

Sugar Ray

I got what cha want
I got what cha need See me come along my baby
Going to give you some disease I'm going to see you in the morning
want to feel you in the night
I'm gonna get me some love my baby gonna feel you over tonight Close your breath and hold your eyes
Till I enter super rise, you know what I mean x4 So I find you in the morning
Lying on the floor
The break up dress inside you, are gonna see you once a more
And I have you little dejects
Can I party all alone
I got something for you, baby going to leave you brats alone Close your breath and hold your eyes
Till I enter super rise, you know what I mean x4 Can you hear me, hear me, hear me, hear me, woo x3 Close your
breath and hold your eyes
Till I enter super rise, you know what I mean x6
