

Alone (feat. Laura Evans)

Armin van Buuren

Everyone is walking on the edge of life
Like a ghost of a shadow, barely alive
Even time's in a rush

But it's going nowhere Everyone's connected but no one is connecting

The human element has long been missing

Tell me, have you seen it

Have you seen it Or are we alone

'Cause I need something to believe in

Tell me, are we alone

Where is the life, where is the feeling

Is anybody out there

Is anyone listening

Is anyone left in this whole world

Or are we alone

Alone Where is the feeling Everybody needs to know

Somebody who cares

Just a friendly face

You can trust to be there

Are you afraid to be known

And not be a stranger 'Cause everyone's connected but no one is connecting

The human element has long been missing

Tell me, have you seen it

Have you seen it Or are we alone

'Cause I need something to believe in

Tell me, are we alone

Where is the life, where is the feeling

Is anybody out there

Is anyone listening

Is anyone left in this whole world

Or are we alone

Alone Is anyone left in this whole world

Or are we alone

Alone
