

# Gods Plan

Owen Mac

Gods Plan / Owen Mac

We all set out to find true love  
To meet someone special that was sent from above  
To have and to hold together growing old  
To love for the rest of our lives

It was all a part of god's plan, my love  
You are my women and i am your man  
It was all a part of god's plan, my love  
Joining our hearts till death do us part  
Living forever god plan

I knew when i met you would be my wife  
I felt like i known you every day of my life  
Your blue eyes so bright to my wondering soul  
That guided me all the way home

It was all a part of god's plan, my love  
You are my women and i am your man  
It was all a part of god's plan, my love  
Joining our hearts till death do us a part  
Living forever god's plan

It was all a part of god's plan, my love  
You are my women and i am your man  
It was all a part of god's plan, my love  
Joining our hearts till death do us part  
Living forever god's plan

The weather and storm in each others arms  
Living forever god's plan.
