The Promise

Girls Aloud

1, 2, 3, 4
Everything he does, better than anything ordinary
Everything he wants he gets, cause everything
He does is kinda necessaryI believe in love, tell me
Can anything last forever
If life can live up to love
Got a hand on my heart I'm never saying neverYou're gonna make me, make me love you
Nothing at all, nothing that I do
Promise I made, promise I made
Started to fade, started to fade, fadeYou're gonna make me, make me love you
Nothing at all, that I cannot do
Promise I made, promise I made
Started to fade, started to fadeMaybe next time I'll take a ride on by
I wanna feel you near
Cause I can't play this like I'm into now
My Aladdin's lamp is down
And I got a fear, oh baby right hereGiving up just looking into windows
Yeah I've had enough of wishing I've found you, baby don't you know
I've had as much I can take of falling, yeah
Got a lot to learn bout riding throughYou're gonna make me, make me love you
Nothing at all, nothing that I do
Promise I made, promise I made
Started to fade, started to fade, fadeYou're gonna make me, make me love you
Nothing at all, that I cannot do
Promise I made, promise I made
Started to fade, started to fadeHere I am, walking Primrose
Wondering when I'm gonna see you again
So here I am, walking Primrose
Wondering when I'm gonna see you againI've got my hands all ready to touch your soul
I'm gonna get the energy to wire me close to you
Got my eyes on the prize I see
Are you watching me baby?Cause my heart is turning to solid gold
And my head is saying honey too good to be true
Oh one look in your glitter eyes
How else telling me every timeYou're gonna make me, make me love you
Nothing at all, nothing that I do
Promise I made, promise I made
Started to fade, started to fade, fadeYou're gonna make me, make me love you
Nothing at all, that I cannot do

Promise I made, promise I made
Started to fade, started to fadeMaybe it's not that hard to know you
Maybe we'll make it up and go
Maybe we'll work things out, there's only one way up and one way down I know
If you wanna convince me start again
If you wanna be with me in my armsCause you're gonna make me, make me love you
Nothing at all, nothing that I do
Promise I made, the promise I made
Started to fade, started to fade, fade
You're gonna make me, make me love you
Nothing at all, that I cannot do
Promise I made, promise I made
Started to fade, started to fade, fade
