Break Me Down

Matt Stell

There's a long trail
Following you around
Made from broken heartsScattered on the groundYou take the best
And leave them where they die
I'm crossing my fingers
To be your victim tonightBreak me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
Break me down
Sweetest sound
Slowly drips
Past your happy tongue
Through your crimson lipsI want to burn inside
Lord, I wanna feel coerced
Darlin' don't hold back
I want you to do your worstBreak me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
And break me
(Break me, break me, break me)
Fast love comes easy
But then it's gone
I'm looking for something that won't leave me aloneBreak me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
Break me down
