

Terror

Zombie Oil

[intro]

Yea I find myself again, looking for my friend; lost along the way.

[pre chorus]

You know itâ€™s not too late

[chorus]

The terror in your eyes
Is just about the only thing
That I canâ€™t stand to see
And help
Help us to the light
To climb the flooded eyes of you
Just give your hands to me

[Verse]

Yea, I find myself again
Jumping to the end
To check out down the stairs

[pre chorus]

Till you showed me the way

[chorus]

The terror in your eyes
Is just about the only thing
That I canâ€™t stand to see
And help
Help us to the light
To climb the flooded eyes of you
Just give your hands to me

[guitar solo]

[chorus]

yea The terror in your eyes
Is just about the only thing
That I canâ€™t stand to see
And help
Help us to the light

To climb the flooded eyes of you
Just give your hands to me

[outro]
