The Word Alive

We can't keep running in circles
Have we lost our minds?
We can't keep running in circles
Have we lost our minds? We search for the meaning that we can't find
We hope for the answers in time
But we all believe of love, life What am I doing here?
What am I doing here?
This so clean just sedation
And losing (?) here
Loving, fight for resolution
Let the morning come again We search for the meaning that we can't find
We hope for the answers in time
But we all believe of love, life
We search for the meaning that we can't find
We hope for the answers in time
But we all believe of love, life I can't keep running in circles
The dangers live in your mind
I can't keep crashing in, take of my life I can't take control
The absence of what we don't know
So I can't find the reason (?)
Too far away to let go We search for the meaning that we can't find
We hope for the answers in time
But we all believe of love, life
We search for the meaning that we can't find
We hope for the answers in time
But we all believe of love, life We can't keep running in circles
