

City Boy Blues (Feat. Chauncy Sherod)

Action Bronson

On this dark old road, tryna find my way
I'm singing, I'm tired of games people play
(Singing I'm tired of games people play)
No 808, I'm barely standing
That ain't for dealing that girl in your hand (Girl in your hand)
Now I got no soul, it was taken a long time ago
(It was taken a long time ago)
I've given my life to a stranger, that sleeps by my side at night
Look in her eyes, I see danger, and man is it shinning bright
She won't think twice (To arrange)
She won't think twice (To arrange)
She won't think twice
She only wants money my money
She only wants money my money
She only wants money from me, love from somebody else
She only wants money from me, love from somebody else
On this dark old road, tryna find my way
I'm singing, I'm tired of games people play
No 808, I'm barely standing
That ain't for dealing that girl in your hand (Girl in your hand)
Now I got no soul, it was taken a long time ago
(It was taken a long time ago)
I've given my life to a stranger, that sleeps by my side at night
Look in her eyes, I see danger, and man is it shinning bright
She won't think twice (To arrange)
She won't think twice (To arrange)
She won't think twice (To arrange)
She won't think twice
She only wants money my money
She only wants money my money
She only wants money from me, love from somebody else
She only wants money from me, love from somebody else
else
She only wants money from me, love from somebody else
She only wants money from me, love from somebody else
somebody else
