

WWIII (Steve White Remix)

KMFDM

I declare war on the world
War in outer space
I declare war in a nutshell
War all over the place I declare war on every government
War against all odds
I declare war on your inner sanctum
On your blood thirsty gods I declare war on the axis of morons
All out war on complacent consent
I declare war on the war against drugs
Rape and Slaughter of the innocent War on big brother
Warmongers and profiteers
War on your dogma Dubya
Armageddon's engineers War in a heartbeat
I declare war on so-called civilization
World trade globalization
Organized disinformation War on ambassadors of pretense
War on MTV and CNN
McDonald's Walt Disney and Bethlehem
On Christina Britney and Eminem I declare war on the world of anti-choice
On violent unilaterality
On the amassment of murderous high-tech toys
And all crimes against humanity War on the moral majority
On corporate.com imperialism
On mindlessly bumbling stupidity
And police-state terrorism Worldwar three - be all that you can be
