Anything

Catfish and The Bottlemen

It gets difficult to talk when you nearly deafen me 'cause you start laughing
If it means that we get through
And though you'll mix up every detail of every story that you're ever gonna tell me
If it means that we get through
Y'know, I never wanna trouble you when you're working so I always try to wait
If it means that we get through
And when we drink it just gets funnier and to be honest, I don't mind us drunk
If it means that we get throughI won't smoke if you don't no more
'Cause I know you hate the taste of it
I don't wanna picture our firstborn
If you've stopped discussing names with me
But if it means that we get through, then you know I'm up for anythingY'know, I always try to settle you when I'm away 'cause we struggle sometimes
If it means that we get throughI won't smoke if you don't no more
'Cause I know you hate the taste of it
I don't wanna picture our firstborn
If you've stopped discussing names with me
But if it means that we get through, then you know I'm up for anything
