No Cigar

Tony Hawk Soundtrack

Tell us where you're from What you want to become And we'll say if you're okay Where did you go to school? Right answer and you're cool Yeah, you're the kid the whole day You get a sticker in your face Information about the case So you know your potential Don't think you can extend Don't think you can extend Just comprehend But I don't wanna hear it No, it's more than I accept 'Cause I don't care where I belong no more What we share or not I will ignore I will ignore We will shut you out We'll put you in doubt If you think that you're special We'll tell you who you are

We'll tell you that you're close But no cigar But I don't wanna hear it No, it's more than I accept 'Cause I don't care where I belong no more What we share or not I will ignore And I won't waste my time fitting in 'Cause I don't think contrast is a sin What they say is Go back, where you came from They'll tell you that, I don't wanna hear No, I don't wanna hear No, I don't wanna hear it No, it's more than I accept 'Cause I don't care where I belong no more What we share or not I will ignore And I won't waste my time fitting in

'Cause I don't think contrast is a sin No, it's not a sin
