The Warcult

God Dethroned

Bone collector, death extractor
Splatter death, hammer death
Razor sharp tentacles crawling up your assWe are the war cult
Time bomb intellectualsNew millennium battle bots
Squeeze out your brains
Hoax virus infected megalomaniacWe are the war cult
We are the shit for brainsWe are the war cult
The poison in your brain
Like a landmine in your graveWe are the war cult
The poison in your brain
Like a landmine in your graveBone collector, death extractor
Splatter death, hammer death
Razor sharp tentacles crawling up your assWe are the war cult
Time bomb intellectualsNew millennium battle bots
Squeeze out your brains
Hoax virus infected megalomaniacWe are the war cult
We are the shit for brains
