

Twenty Four Hours a Day

[Billie Holiday](#)

Like a little old fashioned music box
With just one tune to play
My heart keeps singing I love you
Twenty-four hours a day Like a little old fashioned music box
That skips a note or two
My heart keeps missing a heart beat
Singing it's song about you And although the song we know is old
It's still the sweetest story ever told Like a little old fashioned music box
With just one tune to play
My heart keeps singing I love you
Twenty-four hours a day
