This Love Is Free

Hyland

Whoa-oh-oh
Whoa-oh-oh
We're singing
Whoa-oh-oh-oh

It's an all time low
Never letting go of the things that hold you back
I know you felt it too
Weighing down on you
The sins and the scars from your past
You've been running
He's been calling

Love is leading me
Holding nail-scarred hands
Forgetting where I'm from or who I've been
Love has carried me
On His broken back
To a place where I can finally see
This love is free

Whoa-oh-oh
This love is free
We're singing whoa-oh-oh-oh

It's an all time high
Feeling so alive
When you're living like you have no regrets
You wanna feel it too
Finally breaking through
Waving your worries goodbye
You've been running
He's been calling

Love is leading me
Holding nail-scarred hands
Forgetting where I'm from or who I've been
Love has carried me
On His broken back
To a place where I can finally see

This love is free

You've been running
He's been calling
Follow and you'll retreat
You'll find life in this colliding
For the beauty of surrendering

Love is leading
Love is bleeding

Love is leading me
Holding nail-scarred hands
Forgetting where I'm from or who I've been
(This love is free)
Love has carried me
On His broken back
To a place where I can finally see
This love is free

Whoa-oh-oh-oh
This love is free
We're singing whoa-oh-oh-oh

We're singing whoa-oh-oh-oh
We're singing whoa-oh-oh-oh
