# Tears of a Clown

## Joe Modifica

Coming down, all around
You know these tears are falling down
Tears of a clown
I've seen it before
A heart's been there
But you keep on searching out, searching for more
It's you that's got the love
The love that I needTears of a clown
Tears of a clown
Coming down
Tears of a clownAll those lies
The look in your eyes
But it didn't take long for me to realize
That you got the love
The love that I needTears of a clown
Tears of a clown
Coming down
Tears of a clownThe message is clear
Your love is hard to bear
But I can't hide these feelings whenever you're near
It's you that's got the love
The love I needTears of a clown
Tears of a clown
Coming down
Tears of a clownTears of a clown
Tears of a clown
Coming down
Tears of a clown
