Bound by Fear

Battlecross

Be terrified of all the demons in the night
And all the terrors that it holds
Apocalyptic visions drowning out the light
Exposing darkness and the evil within us allFear your demise at it awaits
Feeling the excess of those deeds suffocating squeeze
You will know that it is done
If darkness prevails they have wonIn this game that we all play
You must win or die
Bound by fear there's no escape
You are trapped inside
You're fighting to survive
It's too easy to be caught in the tangles of everybody's liesYou can only light so many fires till you realize
Darkness is always at your back
So you must rage against the dying of the light
And fight against the demons that still haunt your mindFear your demise at it awaits
Feeling the excess of those deeds suffocating squeeze
You will know that it is done
If darkness prevails they have won
In this game that we all play
You must win or die
Bound by fear there's no escape
You are trapped inside
You're fighting to survive
