

Bright Lights, Big City

The Animals

Bright lights, big city, they've gone to my baby's head
The bright lights, big city, gone to my baby's head
I tried to tell you woman, you won't believe a thing that I said
It's alright, pretty baby yeah, you'll need my help
someday
It's alright, pretty baby, you'll need my help someday
You're gonna wish you had listened to some of these things that I said
You know I told you, baby
Bright lights, big city, gone to my baby's head
The bright lights, big city, gone to my baby's head
Tried to tell you woman, you won't believe a thing that I said
Baby
Oh, yes now
It's alright, baby, you'll need my help someday
It's alright, baby, you should have listened to what I said
You know I warned you, baby
About the long Cadillacs with the big shiny pims
Rolls Royce Silver Cloud, baby
Men with money, cigarettes, flamingo, scotch, bourbon
Yeah, the bright lights, big city, gone to my baby's head
The bright lights, big city, yeah, gone to my baby's head
I tried to tell you woman, you won't believe a thing that I said
