

# Let's Dance

## Atrocity

Let's dance put on your red shoes and dance the blues

Let's dance to the song they're playing on the radioLet's sway while colour lights up your face

Let's sway sway through the crowd to an empty spaceIf you say run, I'll run with you

    If you say hide, we'll hide

    Because my love for you

    Would break my heart in two

    If you should fall

        Into my arms

    And tremble like a flowerLet's dance for fear your grace should fall

    Let's dance for fear tonight is allLet's sway you could look into my eyes

    Let's sway under the moonlight, this serious moonlightIf you say run, I'll run with you

        If you say hide, we'll hide

        Because my love for you

        Would break my heart in two

        If you should fall

            Into my arms

    And tremble like a flowerLet's dance put on your red shoes and dance the blues

    Let's dance to the song they're playing on the radioLet's sway you could look into my eyes

        Let's sway under the moonlight, this serious moonlight
