Great Spirits

Tina Turner

Advisory - the following lyrics contain explicit language:

When the earth was young and the air was sweet
And the mountains kissed the sky
In the great beyond, with its many paths
Man and nature lived side by sideIn this wilderness of danger and beauty
Lived three brothers, bonded by love
Their hearts full of joy, they ask now for guidance
Reaching out to the skies up aboveGreat spirits of all who lived before
Take our hands and lead us
Fill our hearts and souls with all you know
Show us that in your eyes we are all the same
Brothers to each other
In this world we remain truly brothers all the sameGive us wisdom to pass to each other
Give us strength so we understand
That the things we do, the choices we make
Give direction to all life's plansTo look in wonder at all we've been given
In a world that's not always as it seems
Every corner we turn only leads to another
A journey ends, but another beginsGreat spirits of all who lived before
Take our hands and lead us
Fill our hearts and souls with all you know
Show us that in your eyes we are all the same
Brothers to each other
In this world we remain truly brothers all the sameGreat spirits of all who lived before
Take our hands and lead us
Fill our hearts and souls with all you know
Show us that in your eyes we are all the same
Brothers to each other
In this world we remain truly brothers all the same
Brothers all the same
