World of Mine

Gift Rap

I've been trying to ease my mind From this life that I have been thrown into I no longer know who to trust They keep hurting me no matter what I do It's a big world out there And sometimes it can swallow you up But never give up yeah [CHORUS] I've been tryin' to find a friend in this crazy world And the more that I try to find a friend in this crazy world I'll sail the seven seas I would climb a mountain high To get you in this world of mine I've been dying to meet someone Just to share all the things other people do Just a laugh or a cry Just a simple goodbye I will see you soon, would do I promise you I won't let you down Come to me I will make you see yeah [CHORUS] To get you in this world of mine I've been searching for someone to care Someone who'll always be there [CHORUS] To get you in this world of mine I've been tryin' (I'm tryin') to find (I'm dying) a friend (I'm fighting) in this crazy world (I'm fighting for you) And the more that (I'm tryin') I try (I'm dying) to find A friend (I'm fighting) in this crazy world (I'm fighting for you) I'll sail the seven seas I would climb a mountain high To get you in this world of mine
