

Heard About Your Band

Brakes

Heard about your band
I couldn't help it you were screaming in my ear
Coked up asshole
Waiting for liars You shared a cab with Karen O
Oh oh, oh oh oh
You're talking hyper bullocks
You're talking salaries Oh, yeah, you work in Insurance?
Thirty K? O T E
You met Electrelane
Aa, aaa You know the girl from Sleater Kinney
You said you couldn't understand
Why it was that she continued to play
When she was only earning ten grand PA
