

# Medicine Train

## The Cult

Shotgun  
Standin' on a stage, the boy started shakin'  
Lip curled back, the place started quakin', yeah  
I ain't got long to go now baby  
I'm flyin' high  
Ridin' on a medicine train  
(Train)  
Never coming down again, no  
(The train)  
Ridin' on a medicine train  
(Train)  
I ain't never, never comin' down  
All fired up, a desolation angel  
A shootin' from a hip in the sonic temple, yeah  
I ain't got long to go now baby  
'Cause I'm flyin' high  
Ridin' on a medicine train  
(Train)  
Yea, never coming down again, no  
(Train)  
Ridin' on a medicine train, yeah  
(Train)  
I ain't never coming down again, well  
(The train)  
Ridin' on a medicine train  
(Train)  
Never comin' down again  
(Train)  
Ridin' on a medicine train, train, train, train  
(Train)  
I ain't never, yeah  
Shotgun  
Ow oh yea yea

Ah, don't you take me down the river, please  
Ah, don't you take me down the river, please, please, please  
Oh yea  
Ow  
Oh yea

Standin' on a stage, a boy started shakin'  
Lip curled back, the place started quakin', yeah, yeah  
We ain't got long to go now baby  
Flyin' high  
To ride on a medicine train  
(Ridin' on a medicine train)  
Never comin' down again  
(Never comin' down again)  
(Train)  
Ridin' on a medicine train  
(Ridin' on a medicine train)  
I ain't never comin' down  
Never comin' down again  
Dear sweet Jesus  
Feelin' good now  
Feelin' good now  
Feelin' good now  
Ow, feelin' good  
That's rock n' roll for you  
That's rock n' roll  
Yeah now  
Rock n' roll  
C'mon, shake it boy  
Shake it now, ow  
Oh, gimme lot of that medicine  
Whoa oh, train, yeah
