

Paulina

No Doubt

Paulina
She's on the cover of a magazine
Paulina
A woman in my nightly dreams
Paulina
Who makes me grin in any pose
Paulina
I wish she'd take off all her clothesPaulina
Well I stare at her pictures all day long
Paulina
And as I do I sing this song
Paulina
My father says to act my age
Paulina
As I single handedly turn the pagePaulina
Well I paste her pictures on the wall
Paulina
Sit by the phone and hope she'll call
Paulina
Although I know she never will
Paulina
To indulge myself is such a thrillPaulina
She's the big red apple of my eye
Paulina
I wish she'd lay down by my side
Paulina
But if she ever knew my pursuit
Paulina
She would probably file a huge lawsuit
