

Two Sides to a Story

Ginuwine

I ran into some girls who knew you today
They tried to tell me some things
But I know theres always two sides to a story I dont give a damn about what others say
They just cant see you gettin close to me
I dont give a damn about what happened before me
Theres always two sides to a story I dont give a damn about what others say
They just dont want you gettin close to me
(No, no, no)
I dont really care about what happened before me
Theres always two sides to a story I dont understand why its happening
And Im tryin to ignore the things that I hear
People saying things all up in my ear
And Im wondering is it the truth I fear You dont need to explain, cause baby, I dont care
Whatever happened then was then, then was then
All that really matters girl, that its you and me
Whatever was then is gone, we cant change it now I dont give a damn about what others say
(Oh)
They just cant see you gettin close to me
(Close to me, yeah) I dont give a damn about what happened before me
Theres always two sides to a story
(Theres always two sides to a story) I dont give a damn about what others say
(No)
They just dont want you gettin close to me
(They dont want you gettin close to me, no)
I dont really care about what happened before me
Theres always two sides to a story Met some others girls and they started tellin me
How you used to carry on back then with them
And they tried to tell me things like you aint changed one bit
But they aint there to see the things I see You dont need to explain, I just want you to know
It starts from now and not back then, then was then
All that really matters girl, that's its you and me
Whatever was did, its gone, its history I dont give a damn about what others say
(I dont give a damn)
They just cant see you gettin close to me
(See you gettin close) I dont give a damn about what happened before me
Theres always two sides to a story
(Theres always two sides to a story) I dont give a damn about what others say
(Yes, it is)
They just dont want you gettin close to me

(Want you gettin close)I dont really care about what happened before me
(Baby, can you tell me one thing)
Theres always two sides to a story
(Can we go)On and on and on and on and on
And on and on and on and on
Can we go on and on and on
And on and on and on and on(Baby can we go)
On and on and on and on
And on and on and on and on(Baby I wanna go)
Can we go on and on and on
And on and on and on and onI don't give a damn what people say
I dont give a damn about what others say
(No)
They just cant see you gettin close to me
(No, no, no)I dont give a damn about what happened before me
Theres always two sides to a story
(Theres always two sides)I dont give a damn about what others say
(Theres always two sides)
They just dont want you gettin close to me
(No, no, no, no, no)I dont really care about what happened before me
(I dont give a damn)
Theres always two sides to a story
(Cause theres always two sides to a story, baby)I dont give a damn about what others say
(Oh they dont want you getting close to me)
I dont give a damn about what happened before me
(No, I dont give a damn what happened before me)I dont give a damn about what others say
(No, no, no)
I dont really care about what happened before me
(I dont give a damn, no, no, no)
Theres always two sides to a story
(All I know is that I love you, darlin)I dont give a damn about what others say
They just cant see you gettin close to me
(All I know is that I need you)I dont give a damn about what happened before me
Theres always two sides to a story
(Oh, I dont care about what happened before me, baby)I dont give a damn about what others say
(Theyre just jealous of you and they want your place)
I dont really care about what happened before me
(No, no)
Theres always two sides to a story
