

The Music of the Night

AndrÃ© Rieu

Nighttime sharpens, heightens each sensation

Darkness stirs and wakes imagination

Silently the senses abandon their defenses

Helpless to resist the notes I write

For I composed the music of the night

Slowly, gently, night unfurls its splendor

Grasp it, sense it, tremulous and tender

Hearing is believing, music is deceiving

Hard as lightning, soft as candle light

Dare you trust the music of the night

Close your eyes for your eyes will only tell the truth

And the truth isn't what you want to see

In the dark it is easy to pretend

That the truth is what it ought to be

Softly

Deafening

Music shall caress you

Hear it

Feel it

Secretly posses you

Open up your mind, let your fantasies unwind

In this darkness which you know you cannot fight

The darkness of the music of the night

Close your eyes, start a journey through a strange new world

Leave all thoughts of the world you knew before

Close your eyes and let music set you free

Only then can you belong to me

Floating, falling

Sweet intoxication

Touch me

Touch me

Trust me

Trust me

Savor each sensation

Let the dream begin

Let your darker side give in

To the power of the music that I write

The power of the music of the night

You alone can make my song take flight

Help me make the music of the

Help me make the music of the night
