Parallels

Days Difference

This could be so much better
This could be so much worse
But Ill continue learning from
Mistakes Ive made, wrong Ive done

If nothings wrong, nothings right
Its unexplainable

Caught up in a conversation
With strangers who interrupt
So count your words and make them count
Cause what you say is what you get

If nothings wrong, nothings right
Its unexplainable
This is where we crash and burn
Between two parallels

We stay out all day
Trying to find the way
But we wont find it ever
So linger here, linger here
And fly away, fly away

If nothings wrong, nothings right
Its unexplainable
This is where we crash and burn
Between two parallels

If nothings wrong, nothings right
This is where we crash and burn
