Dead Skin

Duff McKagan's Loaded

You
You're so goddamn hard to please
You confuse and frustrate me
Why must we both go through it?I said you
Well, is it so hard to see
Those things that you do to me?
Why must we keep them secrets?Break through those clouds
See the stars shine down, find solid ground
And peel off all that dead skin
And peel off all that dead skin
You can leave it all behindBecause I
I can't seem to get through to you
You pass this up and can't undo
It's so clear that you've been woundedSo why
Must I pay now for his deeds?
I'm not the one who steals and cheats
What must I do to prove it?Break through those clouds
See the stars shine down, find solid ground
And peel off all that dead skin
And peel off all that dead skin
And peel off all that dead skin
You can leave it all behindI will not burn, I am not him
The past has broke him
You're not dead and brokenBreak through those clouds
See the stars shine down, find solid ground
Forget all what has been, past ghosts and sinsAnd peel off all that dead skin
And peel off all that dead skin
And peel off all that dead skin
And peel off all that dead skin
You can leave it all behind
