Breakers

Local Natives

(oooooo)
Waiting for
My own words
To catch like I'm trying
To strike a match that's soaking wetSee through skull
See though skin
Leave all the lights on
Can't see out but they see inStare down my nose
Watching
Color drain from
My eyes
Cold cereal
And T.VBefore I go
To sleep(oooooo)
Breathing out
Open
To breath in
I know
Love is long
But I'm not convincedKnow I know I know a voice
From myself
Maybe I'll believe before someone
YellsKnow I know I know a voice
From myself
Maybe I'll believe before someone
Yells(oooooo)
Breathing out
Open
To breath in
I know
Love is long
But I'm not convinced(oooooo)
I can't
Let it out
And just
Let it have
It just
Dawned on me
Summers dawning

So much(oooooo)
