

# Reason Enough (Performance Track In Key of B/E)

## Avalon

I don't know what you saw in me  
But I'm glad you believed in spite of my condition  
That your mission was to rescue my heart  
Don't understand the sacrifice  
Why you gave up your life for the sake of my soul, only heaven knows  
There's a mystery that lies within the logic of your love  
There's an undying mercy that I'm unworthy of If that isn't reason enough to love you  
Reason enough to give you all of my heart and soul  
There'll never be a reason  
If that isn't reason enough to trust you  
Reason enough to give you all of my life I know  
There'll never be a reason if that isn't reason enough You have opened my eyes to see  
The miracle you have made of me  
I am your creation, so keep reminding me  
There's a mercy so much stronger than the weaknesses in me  
And there are glimpses of your power  
That make it easy to believe If that isn't reason enough to love you  
Reason enough to give you all of my heart and soul  
Well there'll never be a reason  
If that isn't reason enough to trust you  
And reason enough to give you all of my life I know  
There'll never be a reason if that isn't reason enough, hey oh yeah If that isn't reason enough to love you  
Reason enough to give you all of my heart and soul  
Well there'll never be a reason  
If that isn't reason enough to trust you  
And reason enough to give you all of my life I know  
There'll never be a reason if that isn't reason enough, oh Never be a reason if that isn't reason enough, never,  
never be, oh  
Never be a reason, I give you all of my life, all of my life  
There'll never be a reason if that isn't reason enough  
You want my reason
