HeyHello baby, Conway here
Let me lay this in your ear
Get ready to go, but we gonna roll about sundown
I got some boogie woogie music on the old 8-track
Yeah, I got the top laid back
And we'll go cruisin' and we'll go foolin' aroundWell here I am baby, are you ready to play?
Slide it on in, we'll slip away
We gotta get it, we ain't got a minute to waste
I got a 6-pack of longnecks, the trunk on ice
Ooh but you sure look nice
Makes me want to hug you and kiss you all over your faceWell it's a red neckin', love makin' night
You ain't had much till you been touched in the moonlight
You feel it the most when you get real close and you hold on tight
It's a red neckin', love makin' night
It's a red neckin', love makin' nightThe stars in your eyes, the wind in your hair
Oh, what a down home love affair
When we go out walkin', we know what we're talkin' about
And listen to the wipperwills how they sing
Just like us, they're doin' their thing
We know what we got when the nights gets hot down southYeah, it's a red neckin', love makin' night
You ain't had much till you been touched in the moonlight
You feel it the most when you get real close and you hold on tight
It's a red neckin', love makin' night
It's a red neckin', love makin' nightIt's a red neckin', love makin' night
You ain't had much till you been touched in the moonlight
You feel it the most when you get real close and you hold on tight
Well, it's a red neckin', love makin' night
It's a red neckin', love makin' nightHey
Eat your heart out killer
You know I love youRed neckin', love makin' night
Now don't wreck-in my phone son
Let him in there

Hey, hey, hey
Ooh, hold on tight
Ahh yeah, yeah, yeah, yeahRed neckin', love makin' night
You ain't had much till you been touched in the moonlight
You feel it the most when you get real close and you hold on tight
It's a red neckin', love makin' night
It's a red neckin', love makin' night
