

Keep Pressing

Lowell Pye

Keep pressing
Lowell Pye

I been struggling for a long time
Struggling and striving to conquer the things in my life
I had to learn to lean and depend on God
For everything in my life
That's why with all my mite
I'm pressing, reaching for my goal
Nothing can stop me
I'm pressing, pressing toward the mark

I'm gonna seek him
I'm gonna live for him
I'm gonna serve him
I must depend on him
I don't care what comes my way
I want to see my saviors face
So, I'm gonna keep on pushing, striving until the end

I'm pressing
Reaching for my goal
Nothing can stop me
I'm pressing, Pressing toward the mark

Everybody has ups and downs
No one's exempt from the battleground

Do your best
Do the rest

Keep pressing
Keep reaching
Keep striving
You can make it

Don't give up
Don't let go
It's yours
Keep pressing

Keep reaching
Keep striving
You can make it

Keep fasting
Keep praying
Keep believing
You can have it
Endure it
You can take
Just keep pressing
