## Zeromancer

Sit down and watch me  
I want you to see me  
As your TV, as your TV  
As your TV, as your TV Touched by your static  
You see right, right through me  
As your TV, as your TV  
As your TV, as your TV What you hide is what you are  
What it takes to be a star, come on  
You say there's beauty in a scar  
Now what a stupid thing you are, sometimes After you get what you want  
You don't want it anymore  
(Is that what you want?)  
After you get what you want  
You don't want it anymore  
(Is that what you want?) After you get what you want  
You don't want it anymore  
(Is that what you want?)  
After you get what you want  
You don't want it anymore Slow down, zoom in  
Rewind, do you get the picture?  
Philharmonic

What it takes to be a star, come on  
You say there's beauty in a scar  
Now what a stupid thing you are, sometimes
