

Complete 360

Kix Brooks

I was a mess when you first met me
I said I'd turn it around if you'd just let me
And I worked so hard cleaning up my act
Yeah, you got me hooked and then you threw me backI turned my life around completely
Come full circle since the day you ditched me
I'm back on the town, I'm back on the whisky
Honey, I've done a complete 360I got a drink in one hand, a phone in the other
And all my old girlfriends are running for cover
So I called my bookie and I made a bet
Yeah, it's only first quarter and I'm back in debtI turned my life around completely
Come full circle since the day you ditched me
I'm back on the town, I'm back on the whisky
Honey, I've done a complete 360Yeah I jumped off the wagon
Baby, I didn't fall
Made a big splash like a cannonball
And Lucy and the twins just walked through the door
That's a double shot of trouble I've been looking for
(yeah, I've been looking for you girls)I did a 180 for your affection
I went the extra mile in the wrong direction
If you want me back, well you can find me at home
Yeah, down at the bar just doin' you wrongI turned my life around completely
Come full circle since you're not with me
I'm back on the town, I'm back on the whisky
Honey, I've done a complete 360I'm back on the town, I'm back on the whisky
Honey, I've done a complete 360Yeah I quit my job and I wrecked my pickup
I'm goin' down hard and don't care if I ever get up
