

Wrapped in Your Melody

Little & Ashley

Verse 1 Tell me
Tell me all your deepest secrets
Tell me in a whisper
Quiet dreams you've never spoken
Will you dare to Verse 2 Show me
Show me underneath your armor
Show me your heart naked
Do you dance when no one's watching
When the world is sleeping Chorus Wrapped in your melody
Where love has grown
Just when you can not see
You're not alone Verse 3 Find me
Find me when I can not find you
Find me when I'm lonely
Crowded streets and empty gardens Bridge I know you will
I know you will Verse 4 Love me
Love me til the night is over
When there's nothing to believe in
We'll mend and cradle one another Bridge 2
Forevermore
Forevermore Chorus 2 Wrapped in your melody
Where love has grown
Just when I can not see
I'm not alone
I'm not alone
I'm not alone
I'm not alone
You're not alone
