

Pearls

[Lisa Germano](#)

Falling fast
Raise your glass
Fill your open sores While you last
Wear your mask
Wear it like it's real Like home
These are my pearls
Like home
And I wear 'em Hurry world
Whirl and whirl
Stop when you fall down Like you did
Raise your head
Wish that you were there Like home
These are my pearls
Like home
And I wear 'em While you last
Raise your mask
Look at you reflect Hate will grow
Into blossoms of no
Take you lower than low Hate will grow
With your alcohol glow
You'll get used to the show Hate will grow
Into someone you know
It feels good to be home
