Fight For Rock

Warlock

Every book on the shelf
Every teacher in school
Every man in the street
Has another golden rule
East and the West
Politician liars
Last S.O.S.
They set the world on fireHear the message
Don't touch my music
We're ready to fightFight for rock
Fighting for rock - fight!
Fight for rock
We're dying for rockSteal my money
Take my job and my car
Do anything you want
But don't push your luck too farEast and the West
Politician liars
Last S.O.S.
They set the world on fireHear the message
Don't touch my music
We're ready to fightFight for rock
Fighting for rock - fight!
Fight for rock
We're dying for rockWe are the rocking forces
Soldiers of a different kind
We go to war - if you want it
And wipe you outFight for rock
We're dying for rockFight - fight for rock
Fight - fight for rock
Fight
Fight - fight for rock!
