Face Down

Unloco

I sign at the world
Because you don't seem to care
and if i grow oldThen you were never there
And yet it's hard just to find
And how i could justify
the only way back inside
And lie face down
The only way I could let this go
by taking what is deep inside
And lie face downAnd if i could
Then you were so over thisAnd then we face it's soulI'm face down and no one knows (x2)
And if i Bleed
The i will bleed for you
and it's hard to see
to see what i see in you
An I just realizedthat everything that i fear
is back in my face only again
So put me out on this floor
'cause that's the way i've been
Since i lied downsince i LIED down
And if i could
Then you were so over thisAnd then we face it's soulI'm face down and no one knows (x2)
I feel it's the same thing I've had
Since i fell here, I fearI sign at the world
and if i grow old
Because you don't care
Then you will never come back!!!!!I'm face down and no one knows (x2)
I feel it's the same thing I've had
Since i fell here, I fear I'M FACE DOWN AND NO ONE KNOWS
